Briefly describe your business.

PostNet offers an array of products and services to meet the needs and demands of small business owners and busy consumers.

What makes your business unique?

We felt there is was a need in the local marketplace for an extensive copy service so we added a large format laminating machine and printer to accommodate blueprints. We also have digital photo print capabilities and a press for printing t-shirts, tiles, mouse pads, magnetic signs, etc.

How long have you been in business and how did you get started?

Our store opened in February 2005. After researching various franchise opportunities, we decided that PostNet had the most to offer, and it was a business that we enjoyed.

What do you enjoy most about what you do?

Business ownership is our passion. It is great to be able to provide excellent customer service, quality workmanship, and a variety of services to the community.

How long have you been in this area and what drew you here?

We have lived in Folsom for 20 years and recently moved to Shingle Springs. After passing by Town Center while it was being built, I was drawn by the excitement of it and knew we had to be a part of the center's retail team.

What do you like to do in your spare time?

My family and I love animals. When I'm not working, you can find me at dog shows where I show in confirmation, obedience and herding. Horseback riding is also one of the sports that we enjoy. It is a great way to spend a beautiful California afternoon.
